SECTION 1: PRODUCT IDENTIFICATION

Product Name: NDC Instant Hand Sanitizer Gel

SECTION 2: HAZARDOUS INGREDIENTS

Fatalness grade: In accordance with Regulation (EC) No 1272/2008, the sample is not divided into dangerous article.

Invasion route: Skin contact: May cause skin allergy to some people.

Eye contact: May cause eye irritation.

Inhalation: No known significant effects or critical hazards.

Ingestion: May cause gastrointestinal irritation with nausea, vomiting and diarrhea.

Health hazards: No special hazards under normal use.

Environment hazards: No known significant effects or critical hazards.

Burn & burst danger: The sample cannot be ignited.

SECTION 3: INFORMATION ON INGREDIENTS

Pure:   Admixture: (x)

Composition:

Abbreviation: CAS No.: Chemical Abstract Service Registry Number.

EC No.: European Inventory of Existing Commercial chemical Substances.

NA= Not apply

SECTION 4: FIRST-AID MEASURES

Skin touch: Remove contaminated clothes and rinse the skin with plenty of water.

Eyes touch: Lifting the upper and lower eyelids, flush the eyes with plenty of water or saline water. Get medical aid.

Inhalation: Move to fresh air immediately. Keep the respiratory tract smooth.

Ingestion: Drink sufficient hot water and induce vomiting. Get medical aid.

SECTION 5: FIRE-FIGHTING MEASURES

Danger characteristic: The sample can't burn.

Hazardous combustion products: No applicable

Fire-Fighting method & media: Not applicable

SECTION 6: ACCIDENTAL RELEASE MEASURES

Emergency treatment: Small amount of divulgence: wash with plenty of water. Massive divulgence: Recycle or transport to waste treatment place for handling.

SECTION 7: HANDLING AND STORAGE

Handling: Supply with sufficient partial air exhaust. The operating staff must have received special training and abide by the operating regulations. It is advised that the staff wear protective gloves and work clothes. Take care when lifting and handling in case of damaging the package.

Storage: Keep the sample in the cool and well-ventilated place. Keep the container closed. No mixing storage. The storage place should be equipped with devices for divulgence handling and suitable shelter materials.
SECTION 8: EXPOSURE CONTROLS
Maximum admissible concentration: No standard yet

Monitoring Method: I

Engineering Control: Tightly closed. To supply with sufficient air exhaust.

Respiratory Protection: No special protection under normal use.

Eyes Protection: No special protection under normal use.

Body Protection: No special protection under normal use.

Hands Protection: No special protection under normal use.

Other Protections: No smoking, dining and drinking water in the workplace. Keep good habit of hygiene.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Transparent Gelatinous
Color: Colorless
Odor: No off-smell
Boiling Point: No specific data.
Melting Point: No specific data.
Flash Point: No specific data.
Density: No specific data.
PH Value: No specific data.
Permission of solvent inhalation: No specific data.
Solubility: Soluble in water.

SECTION 10: STABILITY AND REACTIVITY

Stability: Stable under normal temperature and pressure

Distribution of Ban: No date

Conditions to Avoid: No date

Hazardous Polymerization: Not available

Hazardous Decomposition Products: Under normal conditions of storage and use, hazardous decomposition products should not be produced

SECTION 11: TOXICOLOGICAL INFORMATION

Acute Toxicity: No known significant effects or critical hazards.

Sub-acute and Chronic Toxicity: No known significant effects or critical hazards.

Irritation: No known significant effects or critical hazards.
Sensitization: No known significant effects or critical hazards.

Mutagenicity: No known significant effects or critical hazards. Carcinogenicity: No known significant effects or critical hazards. Others: Not available.

Carcinogenicity: No known significant effects or critical hazards.

Others: Not available

Section 12 - Ecological Information
Eco-toxicity: No known significant effects or critical hazards.

Biodegradable: No applicable.

Non-biodegradable: No applicable.

Bioconcentration or biological accumulation: Not available.

Other harmful effects: No known significant effects or critical hazards.

Section 13 - Disposal Considerations
Nature of waste: This product is not regarded as hazardous waste, as defined by Regulation (EC) No. 1272/2008.

Waste disposal methods: Refer to National or Local regulations before handling.

Attention abandoned: Not applicable.

Section 14 - Transport Information
Number of dangerous goods: Not applicable.

UN Number: No specific data.

Packaging Mark: No specific data.

Packaging Method: No specific data.

Transport Attentions: Examine whether the package of the containers are integrate and tight-closed before transport. No divulgence, no collapse, no precipitation or no damage during the course of transportation. Don't put the goods together with chief food chemicals. The transport vehicle and ship must be cleaned and sterilized otherwise it is not allowed to assemble articles. During transport, the vehicle should prevent exposure, rain and high temperature. When transported by sea, the assemble place should keep away from bedroom and kitchen, and isolated from the engine room, power and fire source. Under the condition of Road Transportation, the driver should drive in accordance with regulated route, don't stop over in the residential area and congested area.
Disclaimer:
The information provided on this MSDS is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guide for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered as a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other material or in any process, unless specified in the text

May be used to comply with OSHA’s hazard Communication Standard
